4) Texas SSM SIP call:

Rick, I spoke with the TCEQ lawyer about the request for a meeting with Region 6 to discuss the TCEQ's Petition for Reconsideration of the Texas SSM SIP Call. He let her know that while the Region won't be expressing our position on the petition issues, we would welcome hearing any thoughts from TCEQ and industry concerning the matter. I also gave her a heads up that since Texas is part of the challenge to the national SSM SIP Call, someone from OGC would likely be sitting in on the meeting by phone.

Janis said that she would contact Matt Kuryla (Bakker Botts) and Jim Rizk (Senior Advisor to Chairman Niermann) to ask about their schedules. Janis said that she would be available **on Nov. 7, 16, 19, 20, 26, 29, and 30**. Janis also said that **the meeting wouldn't have to be with the RA, but she hoped that Wren and Erin would be able to be there.**

5) Louisiana SO2 schedule:

LDEQ has told us they have comments on the schedule which they would like to discuss but everyone on their end was out at the AWMA conference this week. Michael has a call set up for Wednesday to go over it with them.

Next Week:

Mary's group will be at ELMS training
